### Lesson:

Write SIN into your shaving cream and read this week's Bible verses. It tells us all about how men and women pulled away from God and his teachings, and sinned. They chose to do things that they knew would go against God not caring about what was wrong or right. Every day we make choices some of them are easy and some of them are hard. But when we follow what the Bible tells us, making the right choice gets easier and easier. And sin, gets further and further away from us. Now erase the word SIN from your shaving cream and draw things that make God happy. You being able to erase the word sin is an example of God's Grace. When we make mistakes, all we must do is ask forgiveness, God sees if our hearts mean it and he forgives us, this is called Grace.
